Your Talk Fusion business is set up as a **binary tree**. Each time you have a minimum of 100 GSV in both your left and right legs, you cycle and instantly earn a commission of $25 USD. Any unpaid GSV is carried forward.

If you wish to cancel your Monthly Plan, you must specifically request that it be canceled.

Please note: Associates who have pre-paid for their Monthly Plan for a minimum of 1 year will not be reclassified as a Customer through the term of their prepayment.

Hard Work Required Here
People often ask me what is the “key” to success in direct selling, but there is no “exact formula.” I know desire, sacrifice, and hard work over time are absolute requirements, but even these elements don’t constitute a guarantee.

When I began my career in direct selling over 20 years ago, I was working full-time as a policeman. I put in long hours on the phone and in meetings on top of the 40-plus weekly hours of my “day job,” building a Customer base, signing up new Associates and eventually teaching those Associates what I’d learned. I made a lot of mistakes and there were many, many months when my phone bill was larger than my commission check. I stuck with it, though, sacrificing valuable “free time” because I saw the potential in earning income from a team’s work rather than just my own. But at the same time, I understood that direct selling was really just an opportunity—what I got out of it depended on the dedication and “sweat equity” I put into it.

That’s very important to remember if you are considering joining Talk Fusion as an Independent Associate: while the possibility of earning supplemental income exists, what you get out of your Talk Fusion business depends entirely upon successful sales efforts, which require hard work, diligence and leadership, and how well you exercise these qualities. It also takes time to learn to be your own boss, train your team, and build the proper infrastructure.

Direct selling is a 2- to 5-year plan; you will not be able to retire in 4-6 months. You must work the business for AT LEAST 1 year to even reach a good evaluation point from which you can really measure your progress, but I honestly believe that if you follow the system and consistently dedicate 7-10 hours per week for a year, you will be at a place where you won’t want to stop. But you must be willing to dedicate yourself and sacrifice your own “comfort time” and other activities in exchange for the opportunity to earn additional income.

NO INCOME IS PROMISED. In my opinion, no company should ever make get-rich-quick claims. Unfortunately, some companies in the direct selling industry imply that potential Associates can make a full-time income, or in some cases a lot more, with very little work. This is one of the reasons why so many people new to the industry become disenchanted and quit.

The reality, however, is that in direct selling, most Associates do not receive “substantial income,” and a majority receives no income at all. This is true of Talk Fusion as well. Some join a company just to get the product at a discount, and many join to get the product at a discount and make a small side income. A very small percentage of Associates earn what most people consider a “full-time” income and, just like in any other industry, the “top earners” are the rare minority. We tell you this because, unlike some companies, we want you to be fully informed and we consider ourselves to be a refreshingly honest voice within the industry.

Why?
At Talk Fusion, our core leadership of Associates fully understands that in order to be successful, it takes a sacrifice that is difficult to put into words. And it is up to you to decide to make that sacrifice. We do everything possible to provide you with everything you need to be successful, from world-class products available at an incredible value to paying commissions instantly and providing unbeatable customer service and training. But you have to want to be successful on your own terms. If you decide to watch TV rather than attend a training call, or go shopping instead of logging into a Live Broadcast or following up with a prospect, we will not know. We would like for you to take advantage of everything Talk Fusion provides, but we cannot want your success more than you want it for yourself.

Any earnings portrayed in any Talk Fusion marketing materials are not necessarily representative of the income, if any, that a Talk Fusion Associate can or will earn through his or her participation in the Talk Fusion Instant Pay Compensation Plan. All references to income, implied or stated, throughout the Talk Fusion Instant Pay Compensation Plan are for illustrative purposes only. These figures should not be considered as guarantees or projections of your actual earnings or profits. Talk Fusion does NOT guarantee any level of income or earnings to any Associate; any representation or guarantee of earnings would be misleading.

Conclusion
When you succeed, we succeed, so of course we want you to be as successful as possible. The rest is just “sweat equity.” But that’s one thing we can’t do for you. You must be willing to commit at the level needed to achieve your desire. The truth is that most people are simply not willing to make the necessary combination of sacrifices that facilitate the results they want. The individuals who achieve remarkable success with Talk Fusion or other direct selling companies understand that it is a business that requires a commitment over a period of years, as well as the dedication to putting in the kind and amount of work necessary.

My hope is that you’ll view direct selling as the professional career it has become. Unlike other industries, direct selling offers you the opportunity to nurture and empower your inherent talents, as well as those of your entire team. In this business, success means the chance to develop intellectually, emotionally, and financially while you contribute in a positive way to the lives of others.
